

Diamond Sport

[Sport Gateway](#) · [Downstream API](#)

`https://www.100x.casa`

Base: `https://www.100x.casa/api/v1`

Sport API Integration

REST API · live events, odds, match-odd/fancy results, cricket scores

Live events, odds, match-odd and fancy results, and cricket scores. Replace {sport} with a sport slug (e.g. cricket) and {gmid} with the game ID from the events feed.

Sport Gateway Base URL

```
https://www.100x.casa/api/v1
```

Paths below are relative to this base · e.g. /health · <https://www.100x.casa/api/v1/health>. Do not prefix paths with /v1 again.

Endpoints

Method	Path	Auth	Description
GET	/health	.	Gateway health check
GET	/client/api-key?client=name	.	Retrieve API key (whitelisted IP)
GET	/events/latest	API key	Latest events snapshot (all sports)
GET	/events/{sport}	API key	Events for one sport
GET	/odds/{sport}/{gmid}	API key	Live match odds / markets
GET	/result/match-odd/{sport}/{gmid}	API key	Match odd result · one event
POST	/result/match-odd/{sport}/batch	API key	Match odd results · up to 25 events
GET	/result/fancy/{sport}/{eventId}/{marketKey}	API key	Fancy result · one settled market
GET	/score/cricket/{id}	API key	Live cricket scoreboard

Authentication

Send one of these on every authenticated request:

```
X-API-Key: sk_live_100x_demo_0e78f6b4729c64f91364400b1fd2b20d80a7674f
# or
Authorization: Bearer <key>
# optional
Accept-Encoding: gzip
```

Demo key (100x.casa)

```
X-API-Key: sk_live_100x_demo_0e78f6b4729c64f91364400b1fd2b20d80a7674f
```

Flow

- | | | |
|---|---------------------|---|
| 0 | Health check | GET /health |
| 1 | Event list | GET /events/cricket or GET /events/latest |
| 2 | Live markets | GET /odds/cricket/{gmid} |
| 3 | Match odd result | GET /result/match-odd/{sport}/{gmid} |
| 4 | Batch match results | POST /result/match-odd/cricket/batch |
| 5 | Fancy result | GET /result/fancy/cricket/{eventId}/{marketKey} |
| 6 | Cricket scoreboard | GET /score/cricket/{id} |

Polling: reuse keep-alive + Accept-Encoding: gzip on odds. Poll odds every 100-200 ms; events/results every 500-700 ms.

Health

No auth

GET /health

Gateway health check.

```
{
  "ok": true,
  "service": "prod_publisher",
  "sportsReady": true
}
```

Events

Feature: events

GET /events/latest

Cross-sport latest events snapshot.

```
{ "ok": true, "data": { "data": {  
  "t1": [ /* in-play rows */ ], "t2": [ /* upcoming */ ] } } }
```

GET /events/cricket

data.data.t1 (live) + t2 (upcoming). Read gmid from these arrays.

```
{  
  "ok": true,  
  "sport": "cricket",  
  "data": { "data": {  
    "t1": [ { "gmid": 505846725, "ename": "Sri Lanka W v Pakistan W",  
              "etid": 4, "iplay": false, "tv": true } ],  
    "t2": [] } }  
}
```

GET /events/soccer

Same shape; sport slug = soccer (etid 1).

GET /events/tennis

Same shape; sport slug = tennis (etid 2).

Sport slugs

Use {sport} in /events, /odds, /result paths

Cricket	Soccer	Tennis
cricket · 4	soccer · 1	tennis · 2
MMA	Boxing	Table Tennis
mixed_martial_art · 3	boxing · 6	table_tennis · 8
Horse Racing	eGames	Basketball
horce_racing · 10	egames · 11	basketball · 15
Volleyball	Ice Hockey	Badminton
vollyball · 18	ice_hockey · 19	badmintion · 22
Motor Sport	Darts	American Football
motor_sport · 52	dart · 57	american_football · 58
Sooner	Greyhound	Kabaddi
sooner · 59	greyhound_racing · 65	kabbbdi · 66
eSoccer	Wrestling	
esoccer · 68	wrestling · 69	

Use gmid from the events response for odds and result calls. (Documented spellings preserved.)

Odds

Feature: odds

GET /odds/cricket/{gmid}

Live match odds / markets. Fresh (no cache).

```
{
  "ok": true, "sport": "cricket", "gmid": "505846725",
  "data": { "data": [
    { "mid": 5841393978570, "mname": "MATCH_ODDS", "gtype": "match",
      "section": [ { "sid": 634200, "nat": "Sri Lanka W",
                    "odds": [ { "b": 1.85, "l": 1.86 } ] } ] }
  ] }
}
```

Same path for all sports: GET /odds/soccer/{gmid}, /odds/tennis/{gmid}, etc.

Response headers: X-Response-Time (server ms) · Server-Timing.

Match odd results

Feature: result

GET /result/match-odd/cricket/{gmid}

Match odd result for one event.

```
{
  "ok": true, "sport": "cricket", "sport_id": "4", "gmid": "505846725",
  "data": {
    "type": "match_odds_result",
    "result": "Sri Lanka W won",
    "wonDimondSid": 634200,
    "eventId": 505846725,
    "marketId": 5841393978570,
    "sportId": 4,
    "updatedAt": { "date": "2026-07-31", "time": "21:15:22" }
  }
}
```

wonDimondSid Winning selection ID

marketId Market ID · store with gmid when placing bets

GET /result/match-odd/soccer/{gmid}

Same shape; sport slug soccer.

GET /result/match-odd/tennis/{gmid}

Same shape; sport slug tennis.

Batch match odd

Feature: result · up to 25 events

POST /result/match-odd/cricket/batch

Match odd results for up to 25 events. Sport in URL applies to all items.

Request body:

```
{ "items": [  
  { "gmid": "505846725", "marketId": 5841393978570 },  
  { "gmid": "505846726" }  
] }
```

Response:

```
{  
  "ok": true, "sport": "cricket", "sport_id": "4",  
  "results": [  
    { "gmid": "505846725", "marketId": 5841393978570, "found": true,  
      "data": { /* match_odds_result */ } },  
    { "gmid": "505846726", "found": false }  
  ]  
}
```

found:false (no error) · no result yet. market_mismatch · result exists but stored marketId differs.

Fancy results

Feature: result

GET /result/fancy/cricket/{eventId}/{marketKey}

Settled fancy result for one event + market.

```
{
  "ok": true, "sport": "cricket", "eventId": "462877809",
  "marketKey": "179579571683_494",
  "data": { "result": "32", "marketKey": "179579571683_494", "sportId": 4 }
}
```

marketKey = {marketId}_{sid}.

Cricket scoreboard

Feature: score

GET /score/cricket/{id}

Live cricket scoreboard. id = event gmid.

```
{
  "ok": true, "id": "920268851", "kind": "regular",
  "data": { "event": "scorecard", "data": {
    "score1": "128-8 (20.0)", "score2": "18-0 (1.2)",
    "spnmessage": "BP Needed 111 runs from 93 balls" } }
}
```

Prematch may return: { "ok": false, "error": "not_found" }.

Errors

Diamond error shapes

```
401 { "ok": false, "error": "missing_api_key" }
401 { "ok": false, "error": "invalid_api_key" }
400 { "ok": false, "error": "invalid_sport", "sport": "..." }
404 { "ok": false, "error": "not_found", "gmid": "..." }
404 { "ok": false, "error": "market_not_found" }
429 { "ok": false, "error": "rate_limit_exceeded" }
503 { "ok": false, "error": "circuit_open", "retryAfterS": 12 }
```

100x.casa additions

Beyond the base Diamond surface

Everything above is downstream-only and matches the base Diamond shape. The following extras are also available:

- GET** /api/casino/all
81 casino tables (partner key).
- GET** /api/casino/{gtype}/data
Per-table live data (teen20, dt20, baccarat...).
- GET** /api/sports/tree
Sport catalog tree.
- GET** /api/sports/{etid}/{gmid}/livetv
Sports live TV (gettv).
- GET** /api/sports/{etid}/{gmid}/scorecard
Raw scorecard.
- GET** /api/wallet
Wallet balance (partner key).

WebSockets

```
wss://www.100x.casa/ws/odds
wss://www.100x.casa/ws/casino?gtype=teen20&key=...
wss://www.100x.casa/ws/scorecard?eventId=...&key=...
```

Partner auth

For /api/* and /ws/* use the partner key header:

```
X-API-Key: allapi_demo_0e78f6b4729c64f91364400b1fd2b20d80a7674fcbd0aacb
```
